PUPILS IN SCHOOL TAUGHT VALUABLE HABITS OF THRIFT

EDUCATORS REALIZE THAT PRACTICAL SAVING IS OF REAL IMPORTANCE.

BUILD EARLY CHARACTER

Importance of Saving and Value of War Savings Stamps Part of Education Nowadays.

Many thoughts of real value were developed at the recent Wisconsin State War Savings Conference at Milwaukee and these thoughts should prove of value to War Savings workers everywhere.

J. H. Puellicher, State Director of War Savings for Wisconsin, among other things, said: "The fundamental purpose of the War Savings movement as far as the child is concerned is to inculcate into its very life's blood the thought of wise earning and wise spending. It is not intended that the money used by children for the purpose of War Savings and Thrift Stamps should be the result of a gift from parents and others. Money wisely earned and wisely spent improves the individual mentally, morally and physically."

P. F. Neverman, executive secretary, touched on patriotism and thrift by saying that, "while we were at war it was easy to be enthusiastically patriotic. War-time patriotism, while splendid, did not have the staying qualities so necessary for the finishing of the job and rapidly declined and in places disappeared altogether after November 11, 1918. It is the peace-time patriotism which delivers without martial music that we must and will finish the job. We are called to lay the foundation for the payment of the tremendous obligations incurred by our government during the period of strife. We must so inculcate in the coming generation, those now in school, the idea of thrift, that they will meet the obligations of their time. Between these two stands the community and industrial savings society to reinforce the work of both. It is vital to the success of the movement that societies be organized in every lodge, factory, store, office, club and school in the state."

Thomas W. Boyce, educational director for Wisconsin, discussed "Opportunity." He showed clearly the need of thrift education by quoting figures demonstrating that out of every one hundred men who died, three leave an estate of \$10,000 or over; fifteen leave an estate of \$2,000 to \$10,000, and eighty-two leave no income producing property. Of two hundred widows, eighteen are in comfortable circumstances, forty-seven are obliged to work for a living and thirty-five are in absolute want, dependent upon charity. He quoted facts and figures showing that the tremendous indemnity imposed upon France by Germany in 1870 taught the French to save and was a blessing in disguise to that nation.

GOING TO THE RHINE.

"Gin a lassie meet a laddie, going to the Rhine,
Here's a lass would help ye, laddie,
Savings Stamps I'm buyin'.
Every lassie has a laddie; and I think of mine,
But all the lads they smile at me when Savings Stamps I'm buyin'."

Bill lived for one thing—just to spend. Couldn't even spare money to lend. Save! Bill couldn't do it. And he—well, you knew it. He died poor and early.—The End.

A saving people make a safe government.

Germany is strong now for the fourteen points—well, by the time we finish ramming them down her throat it became necessary to add a few more.

"FAKE" ASPIRIN WAS TALCUM

Therefore Insist Upon Genuine "Bayer Tablets of Aspirin"

Millions of fraudulent Aspirin Tablets were sold by a Brooklyn manufacturer which later proved to be composed mainly of Talcum powder. "Bayer Tablets of Aspirin" the true, genuine, American made and American owned Tablets are marked with the safety "Bayer Cross."

Ask for and then insist upon "Bayer Tablets of Aspirin" and always buy them in the original Bayer package which contains proper directions and dosage.

Aspirin is the trade mark of Bayer Manufacture of Monoaceticacid-ester of Salicylicacid.

Mrs. L. S. Shively left Sunday morning and joined her husband at Sikeston, coming over the Frisco south to Turrell, thence north to Hoxie, returning home Monday evening, making the trip with her husband.

BUSINESS CHANGES HANDS

The first of the week Brasher's Soda Shop changed hands. Jas. Jackson being the purchaser. The deal was consummated in just a short while and was quite a surprise to our people.

This soft drink establishment has become quite a popular place under the management of Mr. Brasher, and is a favorite trysting place for our young people.

Mr. Jackson is now in charge, being assisted by his son, Kos, and Harry Curtner, as soda dispenser. The new owner is a pleasant gentleman and we are sure will show the usual talent in keeping this popular place before the public. The soft drink parlor has been re-named as Jackson's Ice Berg.

Mr. Brasher, the retiring owner, who recently purchased the Lee Spencer building is preparing for the immediate opening of a men's furnishing store, something on the order of that of Musgrave & Mason of Caruthersville, and will fill a long felt want in this city, and the immediate vicinity. He informed us that he was going to soon open up and will carry all clothing and the like, such as men wear. Mr. Brasher is a popular young man, sterling business qualities and good business judgment, and we would place our last doughnut that his new business will be as popular as that he has just sold.
